

PEO/SYSCOM Conference Closing Remarks

4 December 2003

The Changing Game

- **Immediately Employable Force Option**
- **Preemptive Capability**
- **Net-Centric Warfare**
- **Focused Joint Logistics**

Words of Wisdom

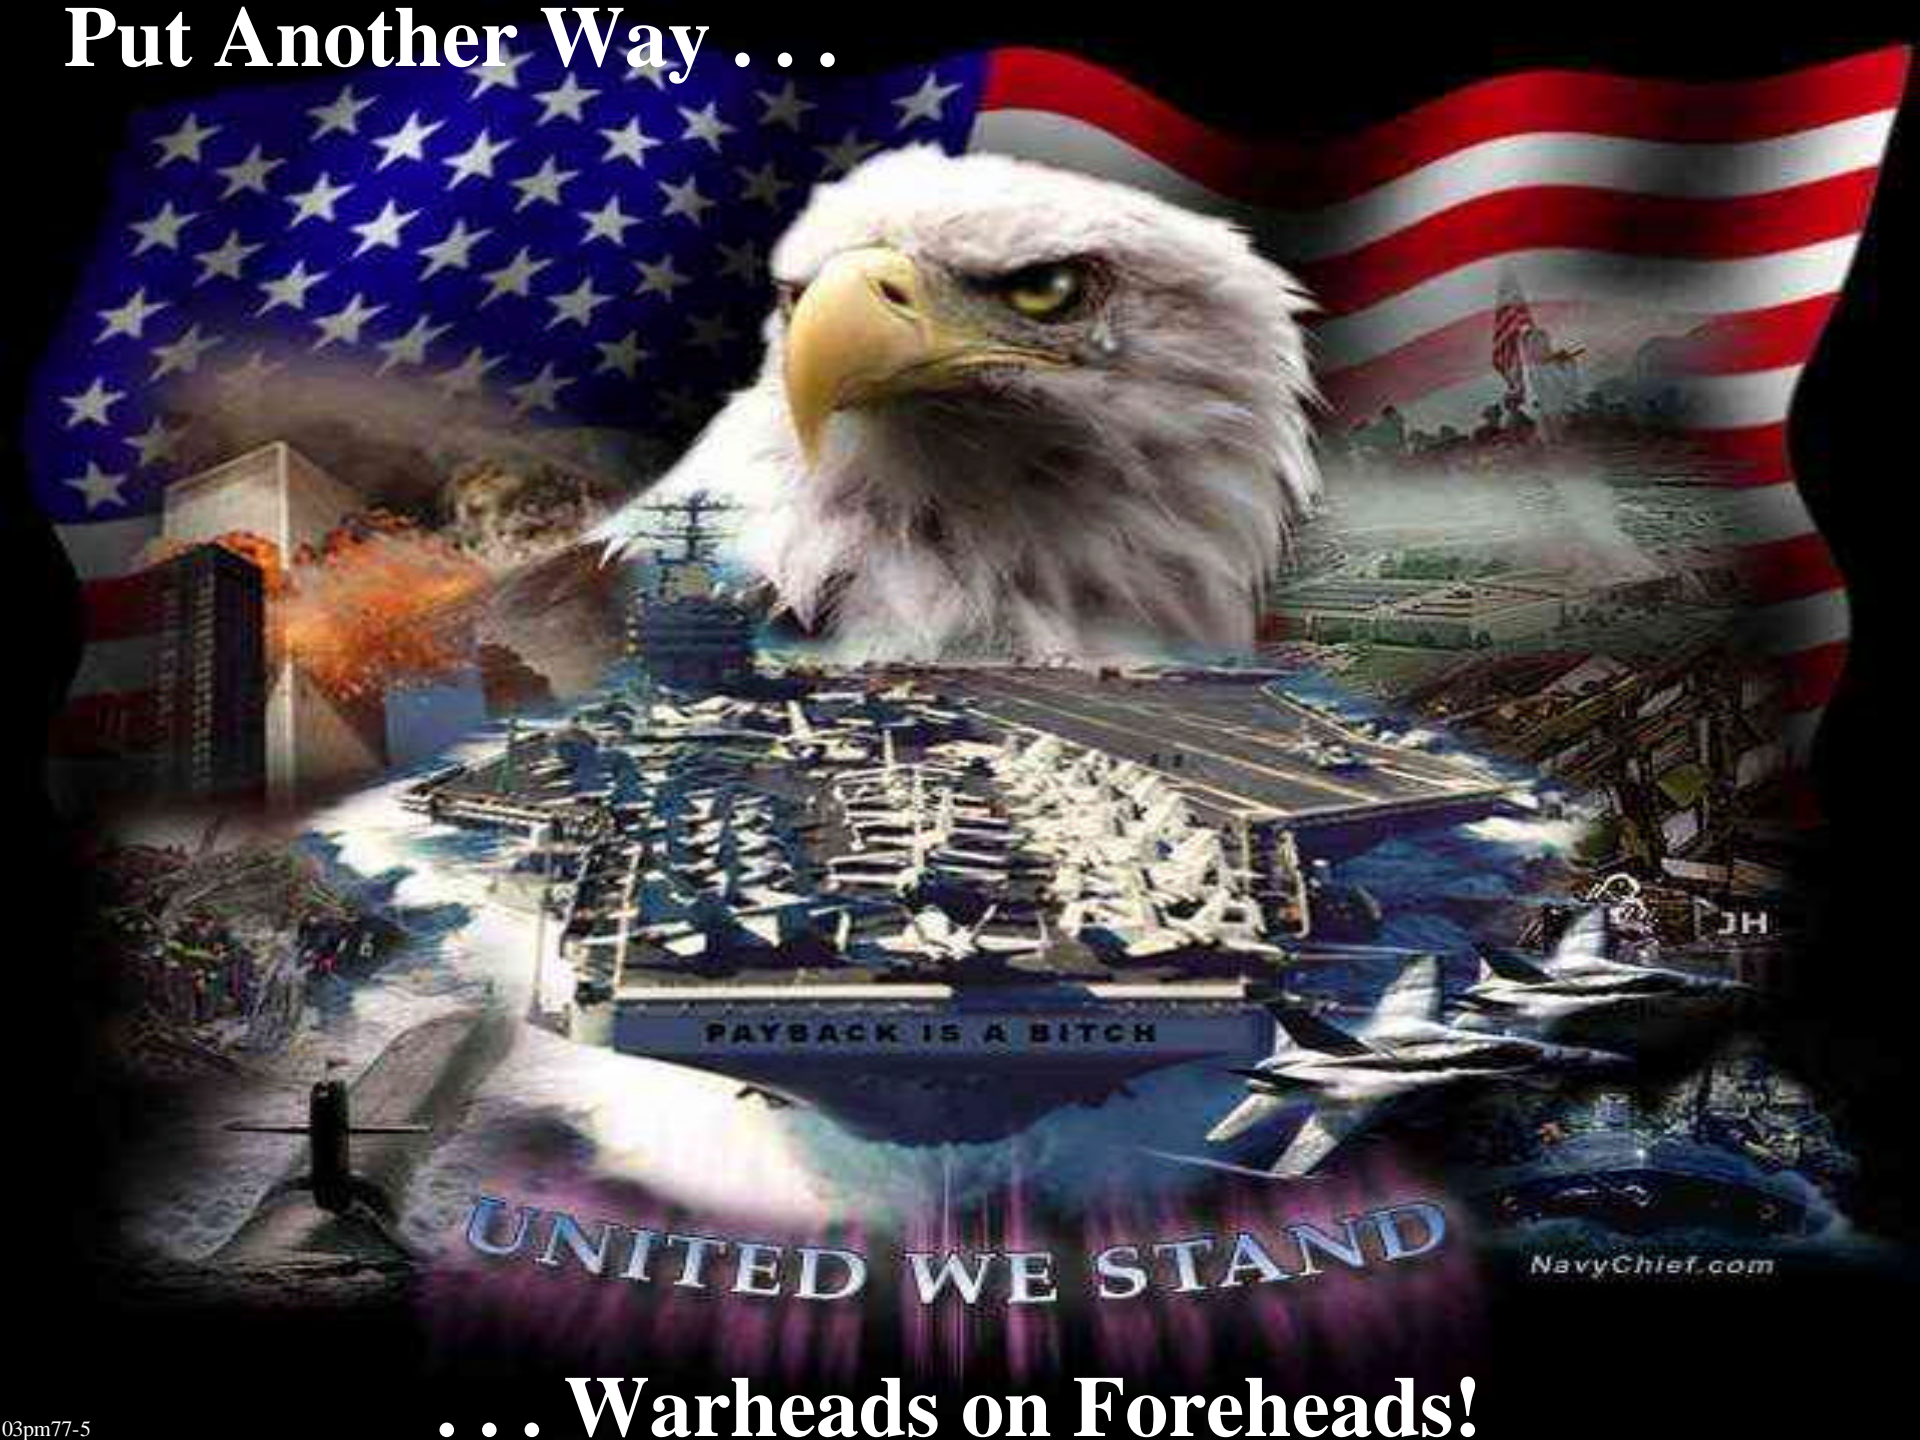

“The dogmas of the quiet past are inadequate to the stormy present. . . As our case is new, so we must think anew, and act anew. We must disenthrall ourselves, and then we shall save our country.”

Transforming the Life Cycle

- Military requirements driven by capabilities
- Reduce footprint as a military requirement
- Streamline the acquisition process
- Achieve Focused Logistics
- Achieve net-centric operations
